## **McWong Launches Comprehensive Training Video Program for TruBlu**

**SACRAMENTO, Calif., June 7, 2022**— McWong International, a leading lighting and controls solutions provider, has released a comprehensive set of training videos for its award-winning TruBlu™ Bluetooth® mesh wireless networked control platform.

The videos cover all the basics of designing and commissioning a TruBlu system, with specific focus on the web portal design tool and the mobile app commissioning tool. For convenient viewing, the videos are available in individual chapters. Users can access directly from the McWong [website](#) or from the McWong [YouTube channel](#).

### **About McWong International**

For 35+ years, McWong has produced superior lighting controls and related electrical power and protection components. Today, McWong has engineered IoT solutions for today's rapidly changing marketplace. With advanced design and manufacturing facilities, McWong offers extensive component choices for OEMs as well as robust solutions for contractors, ESCOs and facility managers. More information about McWong can be found at [www.mcwonginc.com](http://www.mcwonginc.com).
